

## **1:1 - iPad Information Sheet for 2020-21**

Since 2013, Roncalli Catholic has been preparing students for a technology driven world. In 2015 RCHS began it's 1:1 iPad program, requiring all incoming students to have their own iPad. ALL iPads in use in the school will be required to be enrolled with a Mobile Device Manager (MDM) profile in order to access the network.

***Class of 2024 - Acceptable iPads: NOTE: iPads must have iOS 11 or better, and Cellular tablets are prohibited.***

- iPad Pro - 12.9 in (Model A1670 or A1584 – Wi-Fi only)
- iPad Pro – 10.5 in (Model A1701 – Wi-Fi only)
- iPad 7th generation (Model A2197 – Wi-Fi only)
- iPad 6th generation (Model A1893 – Wi-Fi only)
- iPad 5th generation (Model A1822 – Wi-Fi only)
- iPad Pro – 9.7 in (Model A1673 – Wi-Fi only)
- iPad Air 2 (Model A1566 – Wi-Fi only)
- iPad mini 4 (Model A1538 – Wi-Fi only)

16gb of memory or higher recommended. These models are chosen to assure the probability that the iPad can be used for the next four years.

### **Covers/Cases/Keyboards:**

All students will need a cover/case for their iPad. Keyboards are not required, only if the student prefers one.

### **Security:**

All iPads must be clearly labeled with the student's name. If an iPad is misplaced, it should be easy to identify who it belongs to so that it can be returned. All student iPads will be required to have the security passcode turned on. It is also required that they have the "Find my iPad" feature active, with the "Send Last location" toggled to ON.

### **Wi-Fi Access:**

ONLY iPads with WiFi access are allowed. Devices with cellular access are prohibited. Cellular capable devices must have SIM card removed. Students are required to remain in our filtered wireless network at all times while in the building. Student iPads will need to be configured with an MDM profile in order to access the school wireless network.

## **MDM Profile:**

Roncalli Catholic uses the Mosyle MDM software to manage all iPads within the RCHS network. The MDM Profile will allow for access to the Wi-Fi in the building as well as education approved apps during school days between the hours of 8am-4pm. The profile will need to be installed on the iPad prior to the school year start date. (More details for iPad configuration will be sent out in the summer.)

## **Acceptable Use Policy:**

Students will be required to adhere to the Acceptable Use Policy as stated in the Student Handbook. View the Handbook at: [www.roncallicatholic.org](http://www.roncallicatholic.org)

## **Required Classroom Apps:**

Required class-specific apps will be designated by the teacher at the beginning of the school year.

## **Suggested Apps:**

Students will have the Google Suite Apps pushed directly to their iPads by the MDM. (Google Docs, Google Sheets, Google Slides, Google Drive, Google Classroom, Google Chrome, and Gmail). Most suggested/required apps are free from the App Store, however, it is highly encouraged that each student have a \$10/\$15 iTunes card loaded on their iPad “just in case”.

- App for Note Taking: Notability (9.99 as of Nov. 2017 – watch for price drops to 3.99)
- Scannable, My Homework Planner

## **Other FAQs**

Where can I purchase the iPad? Families will be responsible for purchasing the iPad. You may buy the iPad at the retailer of your choice. The Apple Store website, Nebraska Furniture Mart, and Best Buy also offer financing if desired. Another consideration is a refurbished iPad (subject to availability), which can be found at the Apple Store website as well as other sites online.

How can I tell what model of iPad I already own? If you go to the back of your iPad and look for the A#### number preceding the Serial number you can verify the version of iPad that you have. Visit <https://support.apple.com/en-us/HT201471> for more information.

What kind of tech support will be available? Teachers and technology staff will be educated on the iPad and the iOS operating system and students will be educated at the beginning of the year. Support on the preferred Apple iPads will be available. Support for other devices will not be guaranteed. Families are HIGHLY ENCOURAGED to purchase the Apple Care+ extended insurance. Breakage and tech support beyond the expertise of our tech staff will need to be obtained outside of the school as these are student-owned devices.
